WHAT CURRENT PARTICIPATING LODGES HAVE TO SAY

"If your lodge is not working with these guys, you are missing a huge opportunity to add value to members - this was extremely well-received by our membership"

Sincerely,

Andrew LaFramboise

To whom it may concern,

I want to express my gratitude for our relationship between Optavise and the West Palm Beach Fraternal Order of Police. The West Palm Beach FOP represents the police officers and civilian support staff of the West Palm Beach Police Department.

I met Michael Hogan and Tucker Doucette at conferences held by the Florida State Fraternal Order of Police. In April 2023, our lodge had a benefit fair for our membership. Optavise attended the two-day event. Many of our members took the opportunity to improve their insurance coverage through services provided through Optavise.

While attending the fair, a conversation began between Michael, Tucker, and me concerning avenues to expand benefits to my membership. Both were enthusiastic, knowledgeable, and helpful while determining the benefit we could provide. Following the event, I worked closely with them to explore different plans. Ultimately, I brought a plan before our executive board to purchase a supplemental accident and injury policy through Boston Mutual Insurance Co. The policy would cover members injured on and off-duty and help offset any out-of-pocket expenses they may incur. Additionally, I proposed that the coverage be at no additional cost to the membership, as it would be paid through their union dues. The executive board unanimously approved the proposal.

Tucker Doucette spent several days attending briefings to educate the membership concerning the coverage and conduct enrollment. I am pleased we have completed the enrollment phase and look forward to the coverage going into effect on January 1, 2024.

I have nothing but positive things to say about the professionalism of Optavise, specifically Michael Hogan and Tucker Doucette. This project was received very well by our membership. Many members were very complimentary of Tucker. He was engaging and responsive to their questions.

I look forward to continuing the strong business relationship we have developed. I would refer Optavise to any other union leaders seeking opportunities to improve the benefits for their members.

Sincerely,

Adam Myers
